

Flight

TARM SKOLE

Spring 2018

TARM SKOLE

Flight

1. Karen and Henrik were in Portugal to give the presentation of 'flight' from Denmark.
2. Karen made the vimpler with the group.
3. We made the paper airplanes.
4. We tested the airplanes. The Germans won!

For more information and to see the rest of the project, you can see them on the slides below

TARM SKOLE

Flight

John and I had meet 6 times with our classes. The students are 9 years old and 13 years old.

TARM SKOLE

Flight

John and I had meet 6 times with our classes. The students are 9 years old and 13 years old.

TARM SKOLE

Flight

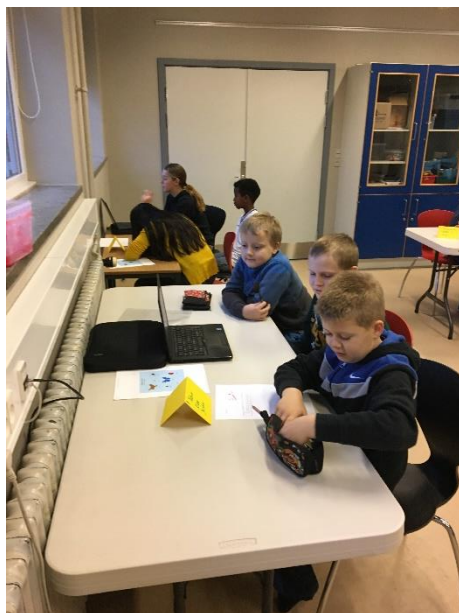

Week 1: Brainstorm in their classes: “What can fly?”

TARM SKOLE

Flight

Week 2: Group work. The students had to work together for the first time - plan a trip to a city in Europa.

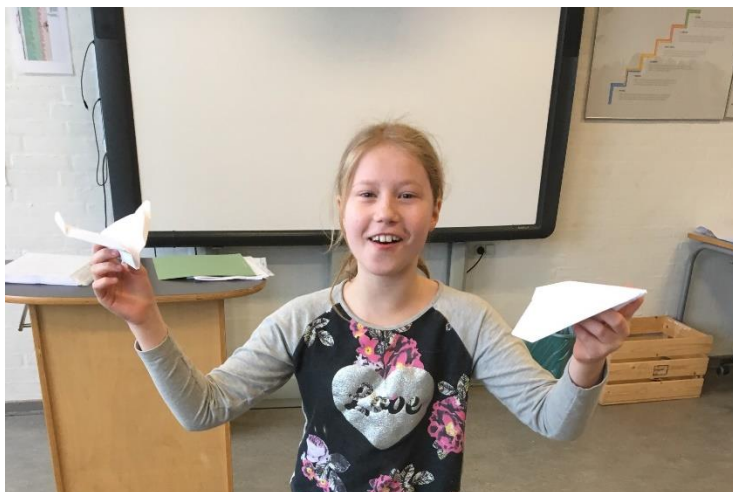

TARM SKOLE

Flight

Week 3: We folded a paper airplane that we knew about. We tested them in the gym.

TARM SKOLE

Flight

Week 4: We made some more difficult paper airplanes.

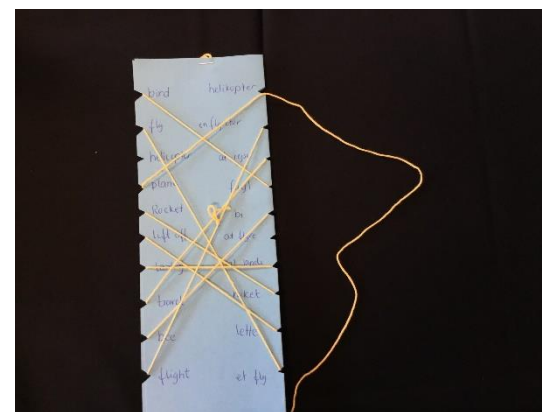

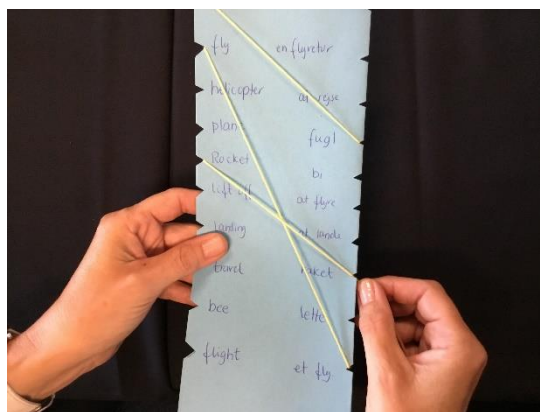

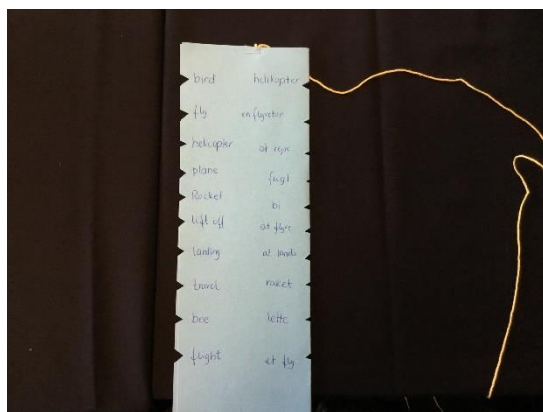

TARM SKOLE

Flight

Week 5: We learned 10 English words on a creative way

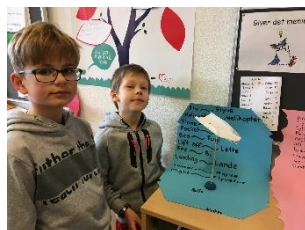

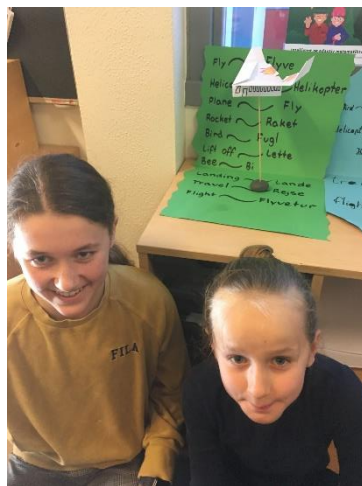

TARM SKOLE

Flight

Week 6: We made the presentation for the other students and their parents.

TARM SKOLE

Flight

Week 7: Presented our project for the other students and their parents.
